

K-LOVE serves as a resource for family-friendly programming. My entire family benefits from this station. My three year old son, as well as my nineteen year old son can listen to it. If K-LOVE was taken off the air, we wouldn't have the positive influence that we have now in our community and on the airwaves. The music they play is very encouraging and uplifting. I believe K-LOVE encourages wholesome values that aren't found in many places anymore. Keep K-LOVE on the air!
